

# PGL KINDILAN

A guide for Teachers

# THE PGL EXPERIENCE

at Kindilan, Queensland

## a bit about us...

Located just 40 minutes from Brisbane and an hour from the Gold Coast, PGL Kindilan occupies a beautiful, 220-acre bushland site in Redland Bay, zoned a Conservation Area in South East Queensland.

A range of accommodation options at PGL Kindilan adventure camp provide sleeping for up to 300, from dormitory rooms, to our unique roundhouses and lodges, as well as two platform tent villages.

All PGL camps focus on developing students' love for the outdoors and for nature, while also with working with teachers / group leaders to facilitate specific learning outcomes for their students, whether that be resilience, independence, relationship building or fun!

## About Kindilan

- Located 40 minutes south of Brisbane, en route to the Gold Coast.
- 220 acres of natural bushland, in a zoned Conservation Area.
- Address: Corner of Days and German Church Roads, Redland Bay 4165

## Camp Tours

Teachers are welcome to arrange a tour of the camp prior to booking or visiting. We'd love to show you around our beautiful camp!

# What makes a PGL Camp different?

At PGL we have designed our programs to give the best possible outcomes to your students, while also making it as easy as possible for teachers. We do this by offering:

## Groupies

We know how an extra pair of hands can make all the difference to your camp experience, which is where our Group Leaders (or 'Groupies') come in. Each school is assigned their own 'Groupie' for the entire duration of your camp.

Your Groupie will meet your bus and take it from there! Every PGL experience starts with a welcome briefing from your Groupie, for teachers and the students.

## Evening Activities

The fun doesn't end when the sun goes down! PGL take care of the evening activities each night you're on camp to take the pressure off you.

This could be anything from a photo challenge to a sports night or a campfire circle.

100%

## Instructor-led sessions

All activity sessions on a PGL Adventure Camp are 100% led by our instructors, taking the pressure off you and meaning that you are free to engage and bond with your students.

All activity instructors are specially trained for our programmes to ensure the delivery of safe and rewarding sessions.

## ACCOMMODATION

## WHAT TO expect from a PGL CAMP

### What is the pre-arrival process and timeline?

PGL have many years of experience in running camps and we have this down to a fine art. We work together with teachers / group leaders to ensure that you (and we) have all of the information that we need to provide an outstanding camp experience.

We rely on teachers / group leaders to provide the information requested in a timely manner. Here is a guideline to our timeframes:

#### Individual Needs

PGL continually works to enable all guests to enjoy a PGL experience. Our Customer Relations team members will work with you to design a camp experience for all participants.

Ensuring we can cater for the additional needs of an individual requires advanced notification, assessment, agreement and planning. We are only able to take responsibility for arrangements that have been discussed and agreed with PGL in advance.

We understand that for some children, coming on camp can be a stressful time. This document is designed to familiarise students with our camp and routines prior to their arrival.

**SEND familiarisation document**

## YOU'RE IN SAFE HANDS

Whether they're smashing it on the abseil tower or racing their mates across the lake in a raft they've built themselves; we work hard to develop our activities to facilitate those breakthrough moments in the best (and safest) way we can.

As members of the Australian Camps Association, and accredited through VTIC and QTIC, we have always been pioneers of a safe approach to outdoor learning.

Supported by over 60 years of experience running adventure camps in the UK, PGL Adventure Camps also arrange audits through external experts to ensure the highest levels of safety and compliance for:

- Activity provision, including off-ground and water based activities;
- Food safety standards;
- Fire safety and more.

Our In Safe Hands standard is our commitment to providing the very best pastoral care. Everything we do is based on five protective pillars:

- ★ Safe people
- ★ Safe places
- ★ Safe spaces
- ★ Safeguarding
- ★ Safe travels

### Safeguarding is everyone's responsibility

We believe we go further than anyone else in our sector when it comes to safeguarding. All colleagues - in every part of our business - receive safeguarding training, with regular refresher sessions, and a Designated Safeguarding Lead at every centre to provide continuous support.

We work with teachers and leaders to ensure **the safety of every guest is given the highest priority during your stay with us.**

[Risk Assessments](#)

[Child Safeguarding Policy](#)

We can provide further information on emergency management, risk assessments and normal operating procedures.

PGL has comprehensive Public Liability Insurance. We recommend you consider purchasing travel insurance.

Dedicated Compliance Teams at **EVERY CENTRE**

All PGL colleagues extensively trained to provide **highest standards of safety & safeguarding**

## OUTCOMES THAT MATTER

At PGL, we've got the space (and the safety net) for those enriching experiences that matter the most when it comes to developing young people outside the classroom.

We believe that young people grow best when they're free to

**TRY SOMETHING NEW**

Our unique **REACH framework** ensures each PGL experience pushes young people to go beyond their comfort zone so that their development is powered by the extraordinary. Whether it's Relationships, Experiences, Achievement, Character or Health & Wellbeing as the focus for the adventure, our aim is to help **spark those breakthrough moments that you just can't get from a textbook.**

Relationships

Experiences

Abilities

Character

Health & Wellbeing

**Built in partnership with teachers**, each of our 5 REACH areas focuses on a specific **developmental outcome** to reflect how young people change and grow. The activity mix for each REACH programme is **tailored** to give every individual the opportunity to achieve these outcomes in a new and exciting way.

Time out of the classroom to harness the power of outdoor learning goes a long way in inspiring **developmental breakthroughs in young people**. It's why we work closely with every school and group to deliver the programme that best meets their needs.

With a little support and the freedom to **try new things**, we can help young people **REACH new heights in their development!** And we hope you'll see the benefits long after they come back too.

Check out our fantastic REACH programmes for school groups.

### TAILORED PROGRAMMES

developed to focus on outcomes that really matter to you

## GUIDE TO ACTIVITIES

PGL will create the best possible program of activities for your group. The program will reflect your school's requests and learning objectives.

Each activity session runs for 90 minutes, and PGL will program the same activities on rotation for the whole group. All activities will be delivered by trained, skilled PGL activity instructors.

### ABSEILING

Determination and courage are rewarded with an overwhelming sense of achievement for the student who manages to walk backwards over the edge of a climbing tower, under the full supervision of a PGL instructor. In addition to learning a new skill, abseiling enables students to understand risks and how to control them.

### AEROBALL

A cross between trampolining, basketball and volleyball – it's an exhilarating, high-energy sport. Four players learn the basics required – then spring into action! The aim is to get the ball in the opposing player's net. As well as being lots of fun, your students will develop team tactics and improve communication skills along the way.

### ARCHERY

Our qualified archery instructors teach basic archery skills – students will need accuracy, control and a steady hand. The instructors encourage students to develop their technique and show awareness of all safety measures.

### BUSHCRAFT

Learn how to build a shelter in an on-site 'wilderness' environment and operate as a team. Basic survival skills such as building a shelter, water filtration, knot craft and signalling are developed by the group during the design of their camp layout. Key responsibilities will be identified and shared by the team who work together to get the most from the 'wilderness' experience.

### BUSH WALK

Make the most of the local surroundings by taking a short hike in our bushland environment. Spend some quality time getting to know one another as you walk through 180 acres of open bushland, home to a diverse variety of plant and animal species. It's a great way to bring the team together and spend some time reflecting on your camp experience.

### CANOEING

Experience one of our most popular activities and take to the water in a canoe. Challenging and fun, students learn and develop paddling techniques, teamwork and communication skills using a combination of games and instruction both on land and afloat.

### CATAPULTS

Participants plan, work together and communicate with each other in two teams to build a giant catapult with the components given. They are then used to aim at a target using team work, tactics and hand eye co-ordination.

### CLIMBING

Qualified instructors teach students how to recognise and control risks, before learning the basic skills and techniques of climbing with a top-rope belay.

### CRATE STACK

Working in teams, children use crates and teamwork to try and construct the highest crate stack whilst keeping their balance to stand on top of the stack.

### FLYING FOX

Travelling at high speed suspended and harnessed from an overhead cable isn't something forgotten easily! Determination, courage and exceeding limitations are qualities often observed.

### GIANT SWING

The ultimate test of nerve and joint decision-making! Members of the group haul the Giant Swing 10 metres into the air with two people in the harness. When both participants agree, they pull the ripcord and swing towards the ground at high speed. The question is...how high will you go?

### INITIATIVE EXERCISES

Students participate individually and as part of a team to complete a number of mental challenges, some of which may also require some physical ability to complete. Planning, making decisions and communicating with each other are all skills required in order to accomplish a set task.

### JACOB'S LADDER

It's an exercise in teamwork and friendly cooperation. Your group's objective, in teams of three, is to climb to the top of a suspended ladder of logs. The gaps between each log become wider, the higher you go. Pushing up, pulling up, standing on shoulders - it's all about working together to achieve a joint purpose.

### KAYAKING

Kayaking is a great way for groups to explore our beautiful lake. Our instructors will help everyone get started, teach them the basics and then help them to push the boundaries of what they can achieve. There are games and individual challenges to improve teamwork, communication and confidence on the water.

### LEAP OF FAITH

This individual challenge requires determination and courage to climb a six-metre pole. Each student can succeed within their own parameters - even if they don't make the final dive for the trapeze.

### LOW ROPES COURSE

Less than a metre off the ground, this activity promotes teamwork and communication. Students negotiate a series of obstacles and challenges which are not as easy or as straightforward as they appear!

### ORIENTEERING

Students are introduced to practical map reading by working in small groups on a number of courses. They may develop map reading skills by locating control points within the boundary of the centre. Decision-making, symbol recognition and judgement of distance travelled are all required.

### POND STUDIES

A fantastic opportunity to discover the flora and fauna in and around our lake and learn more about their water-based habitats.

### POSSUM GLIDER

The team on the ground pull on a rope, raising the participant almost 15 metres off the ground and up into the tree canopy. This activity is designed to put the participant outside their comfort zone as they swing around freely. It also encourages communication and teamwork among the rest of the team.

### QUICK JUMP

A great opportunity to overcome fears, build confidence and create a sense of achievement. Children jump from the top of the 18m tower (with their harness attached to the Quick Jump device) and free fall half way down, before slowing down just before the ground. For the more confident, why not try it again blindfolded?

### RAFT BUILDING

Build it well or you are likely to get wet! Promoting teamwork, planning and communication skills, students work together to build a raft from different components that will float and which they can steer.

### SENSORY TRAIL

Students are encouraged to understand the importance of human senses before being blindfolded and asked to complete a series of activities. This requires students to communicate and collaborate to negotiate a range of obstacles.

### TEAM CHALLENGE

A variety of fun adventure activities with physical challenges which require cooperation and participation from everybody in order to complete.

### TREE CLIMB

A great way to really experience the bushland environment and actually climb the tall trees that grow there. Our qualified instructors will help groups recognise and control the risks and then teach the basic skills and techniques needed for them to climb into the treetops.

### TRUST EXERCISES

Trust Exercises develop openness, understanding and mutual respect within the group and require strong communication skills and teamwork.

# EVENING ACTIVITIES

Your PGL Group Leader (Groupie) will run evening entertainment activities for the whole group. Evening activities are fast-paced and designed to engage all participants. Some evening activities are listed below. Your Groupie will help you choose the right activities for your group during camp.

## AMBUSH

Like hide-and-seek but in the dark, and on a much larger scale! Groups split into teams; one team hides within the centre grounds, leaving a trail for the other team to follow. Bonus points are available for 'ambushing' the opposing team. Great for developing strategic and team building skills.

AGE  
9+

## DISCO

Disco offers participants of all ages and ability levels the chance to dress up and have fun with their friends. With loud, upbeat music and disco lights, guests will be able to dance and play a variety of disco games including limbo, musical chairs, clumps and much more!

ALL  
AGES

## QUIZ SHOW

In teams, guests are set Q&A-style challenges with lots of interaction and plenty of variety to keep them motivated and to maximise their participation. As well as general knowledge, rounds may include dressing up, dancing and miming.

ALL  
AGES

## CAMPFIRE

(Held outside of fire restriction periods only)  
Enjoy a traditional campfire run by our Groupies. Younger guests can enjoy songs and games while older guests can relax, share stories and reflect on their shared experiences of the day.

ALL  
AGES

## PASSPORT TO THE WORLD

Guests are split into teams and given a list of national flags with a map. Each country on the map represents a plaque to find around centre. Each plaque features the country's flag and has a question relating to the country, which must be answered correctly before moving on to find the next flag and eventually returning to base.

AGE  
7-11

## SPLASH

Each team completes a series of challenges or games in order to earn equipment. The teams then need to use this equipment to build a carrier to protect a water balloon. Great for problem solving, teamwork and communication.

AGE  
7-11

## THE CUBE

The Cube is a game that challenges your ability to do simple tasks when under pressure in a confined environment.

## WACKY RACES

PGL's own Olympics - a collection of fun relay-style team and individual games designed for active participation by all team members.

## REFLECTOR COURSE

The group's aim is to shine their torches to find the reflectors around a set course to follow the route in the darkness. Reflectors could be high or low, on trees, fences or buildings. It takes teamwork and concentration to ensure they have found the correct reflector. Guests can do this as a whole group or in smaller groups with a safety brief and base area to get back to.

### KEY

Active / Energetic Creative Teamwork / Communication Planning / Problem Solving

## CATERING

PGL Menus are designed to be delicious, nourishing and appetising for all. Breakfast, lunch and dinner are served buffet style, meaning no one leaves hungry.

Salad bars are provided at lunch and dinner.

We do our best to cater for special diets but please let us know about these in advance so we can discuss requirements.

Fresh fruit is supplied at breakfast and lunch and we encourage students to take a piece for snacking during sessions.

Morning and afternoon tea of biscuits and cake can be provided at additional cost. Schools may also opt in for supper.

Self serve tea and coffee is available for teachers.

## ROLES AND RESPONSIBILITIES

The Party Leader is in loco parentis at all times and has ultimate sanction to withdraw children at any time from any program.

There should always be at least one adult from the visiting party available on camp outside sessions when young people are in residence.

Party Leaders are responsible for deciding educational objectives. PGL will advise how we can meet these. Party Leaders are responsible for the ongoing monitoring of guests' progress against these objectives.

The Party Leader's authority is delegated to PGL instructors during activity sessions. The PGL instructors have the right to withdraw an activity for safety or operational reasons.

A supervising adult must be present with each group during activities.

Evening activities & entertainment - PGL will lead evening entertainment, but the Party Leader is responsible for ensuring that at least one adult is present during all the evening entertainment/activity sessions to assist with supervision of the children.

To avoid any confusion, we seek to ensure a clear handover of responsibility for party members from Party Leaders to our staff and vice versa at appropriate points during the day.

The Party Leader is responsible for deciding whether a party member should be referred to a doctor or hospital, with the assistance of our qualified First Aid staff. We may not always be able to provide a vehicle or to assist in transport arrangements. Payment for transport arrangements is the responsibility of the Party Leader.

The Party Leader is responsible for notifying parents of any visit to a doctor, dentist, hospital visit, or other incident affecting a member of their group, if appropriate. He/she must therefore hold a list of contact numbers for next of kin or have 24 hour access to this information.

The Party Leaders and accompanying adults are responsible for ensuring their group adheres to the Code of Conduct.

PGL Group Leaders provide support to the Party Leader outside of session times. The Party Leaders escorting the group retain responsibility for their group's welfare and supervision. All medications required must be supplied and administered by the Party Leader.

Party Leaders and supervising adults are the primary First Aid contacts, and remain responsible for administration of First Aid for their group. PGL staff will assist with First Aid as and when required.

## CODE OF CONDUCT

**As part of our booking conditions, Party Leaders agree to maintain the discipline and supervision of their party. The following points further amplify our requirements and we would be grateful if you could ensure that your party members comply.**

- We ask that party members show consideration for other parties they meet, as well as PGL staff, coach drivers and neighbouring residents.
- It is also important that they show respect for property - coaches, centre fabric and equipment, and all other property. Costs for intentional damage will normally be passed on to the party responsible.
- Party members should be aware of the curfew and restrict noise to a minimum during curfew hours.
- No smoking is permitted in the public areas of PGL camps or on coaches. It is strictly prohibited in all accommodation units and tents. Smoking is only allowed in designated areas.
- Party Leaders should not allow any underage possession or consumption of alcohol at PGL camps.
- Party members must not behave in an anti-social fashion, e.g. use offensive or insulting language, threatening behaviour or bullying.
- Theft or illegal activities will be reported to the police.
- Young people must not leave the camp unless accompanied by a supervising adult.
- Party members must follow the camping code of leaving no trace, treading lightly and protecting the native plants and animals.
- PGL reserves the right to send any party member(s) home for illegal activities, or consistent or gross misconduct. In such cases, the cost will be totally borne by the individual or party.
